Bon Appetite!

In 1995 the Gabb family (originally from Shropshire, UK) took control of this picturesque wine farm surrounded by 20 ha of gorgeous vineyards. They have invested heavily in both the vineyards and the winery since then – with the estate growing to 120ha by July 2011.

The initial Journey's End investment was made by Roger Gabb, who, at that time, was Founder and Managing Director of Western Wines. Following the sale of Western Wines to Constellation brands in 2006, the family turned their focus to their estate, Journey's End. Upon taking the helm in 2007, Roger's son Rollo has since invested further into the estate through vineyard purchases and infrastructure.

Among the long rolling south-facing slopes of the Stellenbosch winelands, caressed by cool coastal breezes, lies the boutique winery and vineyard, Journey's End. With only a handful of premium, hand-crafted wines produced here, the focus is very much on quality.

Hand-crafted Wine

No more than 25,000 dozen bottles of estate wine are produced in a typical vintage – many of which regularly collect trophies on the international circuit. In fact, thanks to its sea-facing slopes, excellent soils and the exceptional wines emerging from the general area, the Schapenberg terroir has begun to draw comparison with the likes of Bordeaux.

Agar's Brewery opened its doors on 1st August 2014.

The Agar family has a long tradition of brewing, dating back to 1852 when Charles Agar brewed pineapple beer in Durban. Mike Agar, the Brewmaster, has been brewing for over 25 years, and developed his passion whilst watching his grandfather brew in the 60's and 70's in Zululand. His hands-on approach has ensured that Agar's produces consistently high quality beer and that the brewery is one of the highest rated in South Africa. Mike is ably supported by his brother Donovan who takes care of our growing sales footprint whilst focusing on building strong customer relationships.

Agar's Brewery only uses the finest ingredients sourced from around the world to craft a family of distinctive beers, including its Jozi Blonde, Red Ale, White Dog Saison, American Pale Ale and Tomahawk IPA. Newly introduced to our range include the Warrior IPA and our latest North Side Bohemian Pilsner.

FLOWSTONE

The inspiration for Flowstone is rooted in the incredible landscape of The Cradle of Humankind an internationally proclaimed World Heritage Site. This spectacular area, where man's early ancestors roamed is our home. It was here that we first experimented with Wild Cucumber as a garnish in a sundowner – and the idea of Flowstone Gin was born.

Crafted in the Cradle of Humankind. Flowstone was conceived and perfected amid the wonderfully diverse vegetation of the Cradle of Humankind, a World Heritage Site where our earliest ancestors took their first steps. It's very name coming from the rock formations that define the area. Drawing its flavours from the rich palette of indigenous bushveld botanicals Flowstone's unique gins were crafted to capture the essence of this African wilderness.

Capital Gins

	<p style="text-align: center;"><i>Alchemist</i></p> <p>Quite a spicy gin with dominant notes of cinnamon, cloves and roasted citrus. Best paired with the rind of a lemon, plain tonic and plenty ice. A sophisticated spirit, triple distilled for smoothness and vapour infused for serious flavour explosion.</p> <p>Botanicals: Juniper berries, Real (Ceylon) Cinnamon, Cloves, Fennel, Star Anise, Coriander, Green Cardamom, Roasted Citrus (Lemon & Orange)</p>
	<p style="text-align: center;"><i>Pink Lady</i></p> <p>The 'Party-in-your-mouth Gin'! There is such a variety of flavours here, the thyme keeps it grounded while the vanilla adds something sweet. Strong focus on the floral hibiscus, vanilla, thyme and grapefruit. Even though it jumps about in your mouth its a very pleasing, smooth gin best paired with the rind of a grapefruit, plain tonic and plenty ice.</p> <p>Botanicals: Juniper Berries, Coriander, Green Cardamom, Hibiscus Flowers, Thyme Madagascar Bourbon Vanilla Beans, Grapefruit rind.</p>
	<p style="text-align: center;"><i>Indigo</i></p> <p>Quite a particular gin, looking for an appreciative palate. Infused with lavender, rosemary and orange. Best paired with the rind of a orange, plain tonic and plenty ice. A mellow gin, triple distilled for smoothness and some very curious but delicate flavours peeping through. That is the mystery of the Indigo.</p> <p>Botanicals: Juniper Berries, Lavender flowers (Margaret Roberts), Rosemary, Star Anise, Fennel, Coriander, Green cardamom, Orange rind</p>

Flowstone Gins

	<p><i>Bushwillow Gin</i> </p> <p>This is the most striking gin in our range. It is full-flavoured with unusual and seductive woody, earthy notes. The Bushwillow seed pods impart a robust, rich, nutty, warmth that envelopes the mouth. It is unlike any other gin – anywhere! The taste lingers on the side of the tongue inviting another sip.</p>
	<p><i>Marula Gin</i> </p> <p>Clear Juniper creates the backbone, and floral depth is provided by Bushveld Wild Pear, Dombeya rontundifolia, flowers from Acacia caffra the Bushveld's delightful Sweet-thorn Acacia, and Buddleja salvifolia.</p>
	<p><i>Wild Cucumber Gin</i> </p> <p>Smooth, fresh and clean, to this distinctive and complex cucumber gin. Clear notes of cucumber combine with an edge of kiwi. Clear juniper adds middle to high notes.</p>
	<p><i>Snuffbox Gin</i> </p> <p>The fruit has an intoxicatingly complex smell that includes notes of cacao, burnt caramel and dessert wine intertwined with warm almost fruity notes.</p>
