more importantly from a safety perspective

- Points will be allocated for each exercise

during the timed session

- The team with the most points will be declared the track champions
- Due to the presence of penalty points a team could very well end up with minus points at a particular task

TEAM BUILD EXERCISES

BALANCING ACT

Here a vehicle will have a plate stuck to the bonnet with prestick.

A tennis ball will be placed in the plate and should the ball fall from the plate, 1 point will be deducted and the vehicle must halt until a team member returns the ball to the plate

HANDLE THE PANHANDLE

A vehicle will have to be driven down a narrow panhandle into the pan where it needs to be turned around and exited through the same panhandle that it entered. Each time the vehicle touches a barrier points will be deducted.

FORWARD AND BACK FLATS

Two vehicles will be parked adjacent to each other, one facing forward and the other backwards. A rope holding a board will be suspended between the vehicles and the objective will be to knock over as many obstacles as possible.
