INTRO GROUP & PRIVATE FLY-FISHING LESSONS

Sundowner Fly-fishing Adventures & Lanseria Country Estate presents adults & children with an opportunity to try a new adventure activity in a safe and secure environment. This is a great way to learn all about the skills and techniques to enjoy fly fishing. It's a fun adventure for individuals, couples, families, and groups.

Fly-fishing is fun, clean (no grubby bait!) outdoor adventure in the open air. It is good exercise, but you don't require a high fitness level. The fishing equipment and flies are available for hire; however, you are welcome to bring your own if you prefer.

Introductory Group fly-fishing clinic (1,5 hr)

Price: 1-2 Adults@R750pp / 3+ Adults@R700pp /Child u12yrs@R550

This is a group activity, with a minimum of 2 and a maximum of 6 people. An experienced host will patiently teach you the basic skills required for fly fishing. Naturally it is hosted outdoors in the open air. The practical casting instruction begins on the grass field and then we move to the fishing dams.

Children should ideally be a minimum of 8 years old to join the group lesson. Parents with younger kids are welcome to book a private clinic.

We believe in keeping the sport environmentally friendly so all fish caught must be released (And we teach guests the proper techniques required for correctly releasing the fish so that they do not get injured). The dams have Trout, Bass, Carp, Kurper and barbel.

Guests participating in the lesson can continue fishing on the dams and with rented equipment for the rest of the day.

The clinic is available at Lanseria Country Estate on Saturday or Sundays, and we offer the option of three time slots (8am/10am/2pm). Enquire about additional available days during public and school holidays.

Private fly-fishing clinic (2,5 hr)

Price: 1 fisher@R1650pp & Additional fisher/R750pp

This option is ideal for individuals that would prefer the exclusive and private attention of a fishing guide. There is a minimum of one fisher but we can cater for groups

The benefits are:

- 1) The lesson is for a longer duration than the Intro Group clinic
- 2) you won't be sharing the guides time with other guests
- 3) can cover more in-depth skills and techniques
- 4) can include younger children.
- 5) option of beginner to advanced skills

An experienced guide will patiently teach you the skills (varies from beginner to intermediate) required for fly fishing. Naturally it is hosted outdoors in the open air. The practical casting instruction begins on the grass field and then we move to the fishing dams.

Children should ideally be a minimum of 6 years old to attend private lessons.

We believe in keeping the sport environmentally friendly so all fish caught must be released (And we teach guests the proper techniques required for correctly releasing the fish so that they do not get injured). The dams have Trout, Bass, Carp, Kurper and barbel.

Guests participating in the lesson can continue fishing on the dams and with rented equipment for the rest of the day.

The dates and times of the clinic are flexible and available at Lanseria Country Estate.

Notes:

We offer exclusivity for an Intro Group fly fishing clinic if you have four or more people that would like to book. We also offer flexible dates and times for group bookings.

Bass, carp and bream fishing clinics are also available on request.

Trout may be kept and paid for on request (From R200 per kg)
